

Aberdeen Icon Film Project

Submission Form

A-List Magazine was created to help build a positive, progressive image of Aberdeen. Through the magazine and website, stories about remarkable people, places and events are presented in a way to help people know about what Aberdeen has to offer. The Aberdeen Icon Film Project is a natural progression of that mission.

What are the icons you use to describe Aberdeen to people? What are some of the best things we have to offer our citizens and visitors? What makes our town truly unique? Do we have an identifying symbol? In this situation, an icon can be a thing, a person, a group, a mindset, a plan; any thing that is present in the community that can be used to describe it is an icon. Think about diversity, winter recreation, colleges, hangouts, hobbies, or architecture. Think about how you could capture, describe and present an icon on film.

Submit a script that you would like to produce into a short film. Five scripts will be selected. If your's is selected you will then produce your film and turn it in by March 30. At that time \$400 will be awarded to each team submitting their movie, complete and on time.

Movies must be professional. They must be creative, stylistic, and include royalty-free music or music written and performed for the film.

Films remain the property of the creator, however A-List Magazine has unlimited use to display the films online and use images of the film in print material.
